

Prof. Dr. rer. physiol., Dr. h.c. Ulrike Beisiegel

born 23.12.1952

- 1971 - 1974 Studies of Biology at the University of Münster and Marburg
- 1974 - 1976 Studies of Biochemistry at the Faculty of Medicine, University of Marburg
- 1976 - 1979 PhD student in biochemistry and human genetics with Prof. Gerd Utermann, Institute of Human Genetics, Medical faculty, University of Marburg
- 06.04.1979 Dr. rer. physiol. ('magna cum laude'), at the Faculty of Medicine, University of Marburg (Topic: Isolation and Characterization of Apolipoproteins)
- 1979 - 1980 Scientific assistant in the Institute of Human Genetics in Marburg
- 1980 - 1982 Postdoctoral fellow in the laboratory of Drs. Goldstein and Brown in the Department of Molecular Genetics at the University of Texas, Dallas
- 1982 - 1984 Scientific assistant in the Institute of Human Genetics in Marburg
- 1983 'Heinz-Maier-Leipnitz Preis' from the Ministry for Education and Science
- 1984 - 1996 Assistant Professor (Akademische Rätin bzw. Oberrätin) in the Medical Clinic of the University Hospital Hamburg-Eppendorf
- 03.07.1990 Habilitation in Biochemistry at the University Hospital Hamburg-Eppendorf
- 1987 – 1992 Part of a Concerted Action in the EU-Program 'Medical and Health Research' with the title 'European Atherosclerosis Research Group I and II'
- 1994 - 2000 Scientific Head of the DFG financed Clinical Research Group with the topic 'Triglycerides and Arteriosclerosis' at the University Hospital Hamburg-Eppendorf (Clinical Head Prof. Dr. H. Greten)
- 21.5.1996 C3-Professor for the Clinical Research Group at the Medical Clinic in the University Hospital Hamburg-Eppendorf
- 12.10.1996 Honorary Doctor at the Faculty of Medicine at the University of Umeå (Sweden)
- 1997-2000 Part in the Concerted Action 'Lipases and receptors as determinants of lipoprotein and energy metabolism' in the EU-program BIOMED 2
- 1997 - 2002 Projects in the SFB 444 (on 'Basics of neuronal Communication and Signaltransduction' and in the DFG-Research Group on Alzheimer's Disease
- October 1999 Offer for a full Professor position as Chair of Biochemistry at the University of Graz (Austria)
- Since 2000 Member of the Review Board 'Biological Chemistry and Physics' of the DFG
- Since 7/2001 Director of the Institute of Biochemistry and Molecular Biology II: Molecular Cell Biology at the Medical Faculty of the University of Hamburg

2000-2005 Member of the Ombudsman of the University of Hamburg
2001-2005 Research Dean of the Medical Faculty at the University of Hamburg
2002-2005 Chairperson of the European Atherosclerosis Society
Since 2002 Member of the Evaluation Committee of the Leibniz-Association
Since 2004 Member of the Scientific Advisory Board of the Bernhard-Nocht-Institute for Tropical Medicine
1997 -2006 Member of the DFG-Graduiertenkolleg 336 'Molecular Endocrinology – Molecular Metabolism' at the University Hospital Hamburg-Eppendorf
Since 7/2005 Chair of the Ombudsman of the DFG
Since 2/2006 Member of the 'Wissenschaftsrat' – Advisory board to the German Government
