

CURRICULUM VITAE

Heiner Greten, M. D.
Full Professor of Medicine
Chairman, Hanseatic Heart Center Hamburg
St. Georg Hospital

Date and place of birth: May 15, 1939; Bremen, Germany
Marital status: married 1964, 2 sons

Education and brief

chronology of employment:

1957	graduated (Abitur) from Gymnasium für Jungen in St. Georg, Hamburg, Germany
1959	Physikum, University of Freiburg i.Br., Germany: cum laude
1962	Staatsexamen (final medical examination), University of Freiburg i.Br., Germany: magna cum laude
1963	M.D. thesis, University of Freiburg i.Br., Germany: magna cum laude
1960-1962	Training in physiology as a post-doctoral fellow at the Institute of Physiology, Prof. Dr. A. Fleckenstein, University of Freiburg i.Br., Germany . Special field of interest: electrophysiology, cardiology
1963-1964	Intern in surgery, Hospital of Bremen, Germany Intern in gynecology and obstetrics, Hospital of Hamburg, Germany
1964-1965	Intern in Medicine, Dept. of Internal Medicine, Medical School of Heidelberg, Germany

- 1965-1967 **Post-doctoral fellow** in biochemistry as stipend of the German Research Foundation (Deutsche Forschungsgemeinschaft) at the **Institute of Biochemistry, Prof. Dr. Dr. W. Stoffel, University of Cologne, Germany**
Training in organic chemistry, general biochemistry and especially biochemistry of lipids.
- 1967-1969 **Visiting scientist, Molecular Disease Branch, National Heart and Lung Inst., National Institutes of Health, Bethesda, USA (Dr. D.S. Fredrickson)**. Research in lipoprotein metabolism, pathogenesis of hyperlipoproteinemias, arteriosclerosis
- 1969-1973 Resident, Department of Internal Medicine (Prof. Dr. G. Schettler), **Medical School of Heidelberg, University of Heidelberg, Germany**
- 1971 **Assistant Professor of Medicine (Privatdozent), Medical Faculty, University of Heidelberg, Germany**
- 1972 **Guest Professor, University of California, San Diego, Dept. of Medicine (Dr. V.W. Brown, Dr. D. Steinberg), La Jolla, California, USA**
- 1972 Recipient of the **Heinrich-Wieland-Preis**, Award for Outstanding Research in Lipid Biochemistry
- 1973 **Head, Section on Metabolism at the University of Heidelberg, Germany**
- 1974 **Associate Professor of Medicine and Attending Physician, Department of Internal Medicine, University of Heidelberg, Germany**
- 1977 Recipient of **Theodor-Frerichs-Preis**, Award for Outstanding Research of the German Society for Internal Medicine

- 1980 **Chief, Department of Medicine, University Hospital Eppendorf, University of Hamburg, Germany. Full Professor of Medicine**
- 1983 **Honorary Professor of Medicine, Baylor College of Medicine, Houston, Texas, USA**
- 1988 **Member of the German Academy of Natural Science and Medicine (Deutsche Akademie der Naturforscher und Ärzte) Leopoldina, Halle, Germany**
- 1989 **Member of Joachim-Jungius Society for Science, Hamburg**
- 1991 **Principle investigator and coordinator of the interdisciplinary research grant of the University Hospital Eppendorf: "Function and Defects of Receptor Systems" (DFG SFB 232). German Research Foundation.**
- 1994 **Principle investigator and head of a Clinical Research Group supported by the German Research Foundation (DFG) at the University Hospital Eppendorf**
- 1994 **Member of the board of the German Society for Internal Medicine and elected **President of the German Society for Internal Medicine in 1996****
- 1995- **Managing trustee Feldberg Foundation for Anglo-German Scientific Exchange**
- 1995/96 **President, German Society of Internal Medicine**
- 1997 **President, North-West Germany Society of Internal Medicine**
- 1997 **Coordinator for Interdisciplinary Research Grant: „Molecular Mechanisms of Genetically Determined Diseases“**
- 2001/03 **President, International Atherosclerosis Society**

2005/2006 **Visiting Professor, Fujita Health University**
College in Nagoya, Japan

2005 - **Chairman, Hanseatisches Herzzentrum**
Hamburg, Asklepios Clinic St. Georg

2006 -2013 **Member Advisory Board**
RSVP Management Consultants AG

Military service: Captain (MED), German Bundeswehr, March 1965
Oktober 1965

Societies: German Society of Internal Medicine
American Heart Association, Council on Atherosclerosis
European Society for Clinical Investigation
European Atherosclerosis Society
German Society for Natural Science and Medicine

Special research interest: Lipoproteins and lipid transport, lipoprotein
metabolism, diseases of lipid metabolism and their
relationship to atherosclerosis, preventive cardiology,
hepatology and gastroenterology, internal medicine

Publications: Editor of Textbook: H. Greten, F. Rinninger, T. Greten
“Innere Medizin”, 13th Edition; Publ. Thieme Co.

approx. 1000 scientific articles
